Install and Configure App

1. Search for the PivotSIP™ App in the Google Play Store and press *Install*.

2. Follow the assistant for account setup by pressing *Start*. Input your username and password, ensure the domain matches your SIP address, which by default is sip.pivothead.tv, and that TLS is selected under transport. Press *Login*.

3. When asked if you want to download Cisco's OpenH264 codec, press *Yes*, then allow all permissions.

Install and Configure continued...

4. If you see the 'Registered' green dot in the upper left corner, you are ready to place and receive calls.

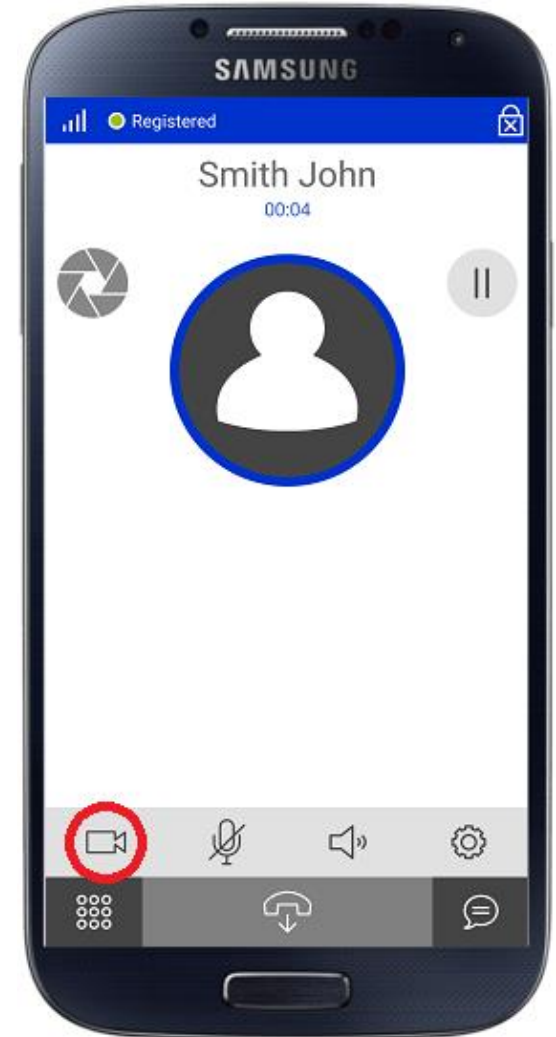

Making a Call

1. From the  screen, type the username in the *Enter Contact to Call* box using lower case, then pressing the *Call* button.

2. Once the call is connected, press the *Video Camera* icon on to see the video stream.

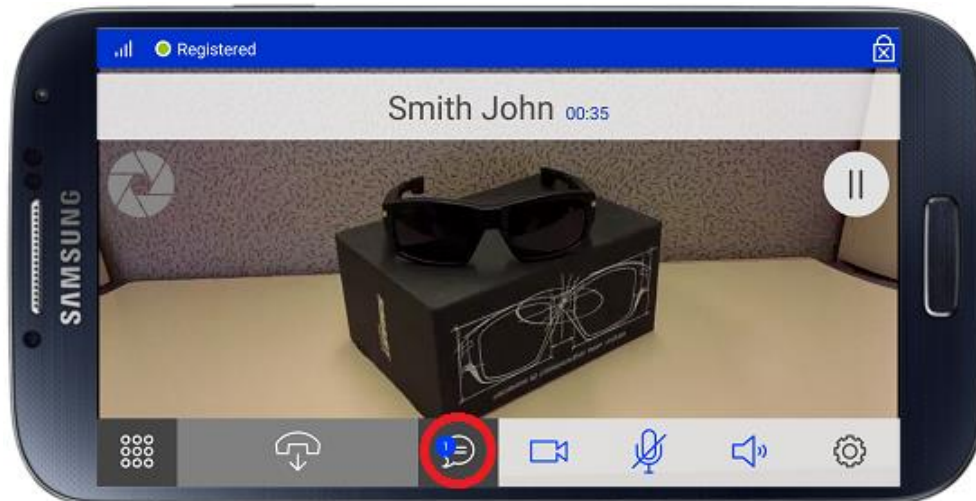

Next Page.

Taking Remote Pictures

1. To trigger the glasses to send you a high-resolution photo, press the *Camera Shutter* icon towards the top left of the screen while on a video call.

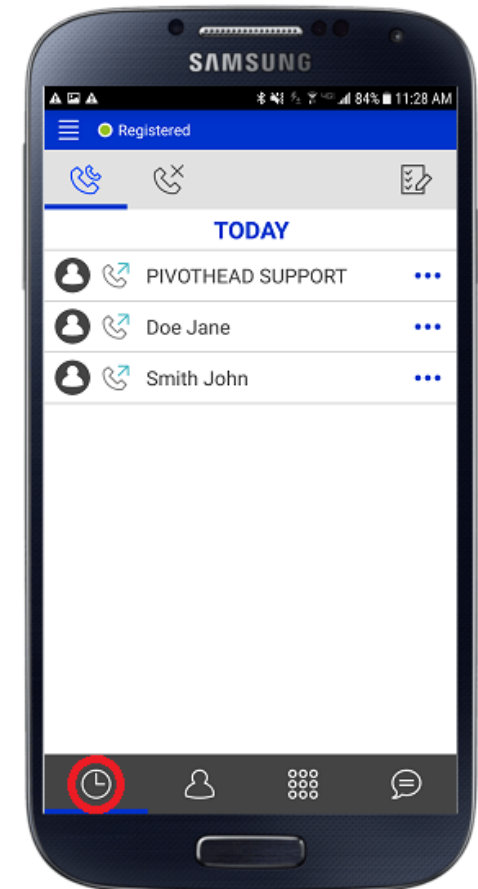

2. You will receive a push notification and an in-app message with a link to download the image to your phone. Press the *Conversations* icon to view the download link.

Navigating Other App Functions

Call History

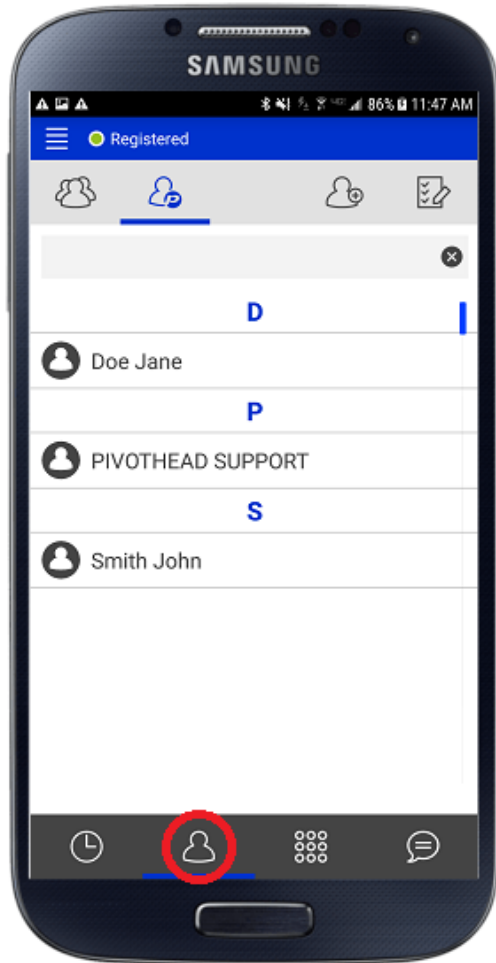

1. Your call history can be accessed by pressing the *Call History* icon at the bottom left of the screen. Press on a name in your history to call them back.

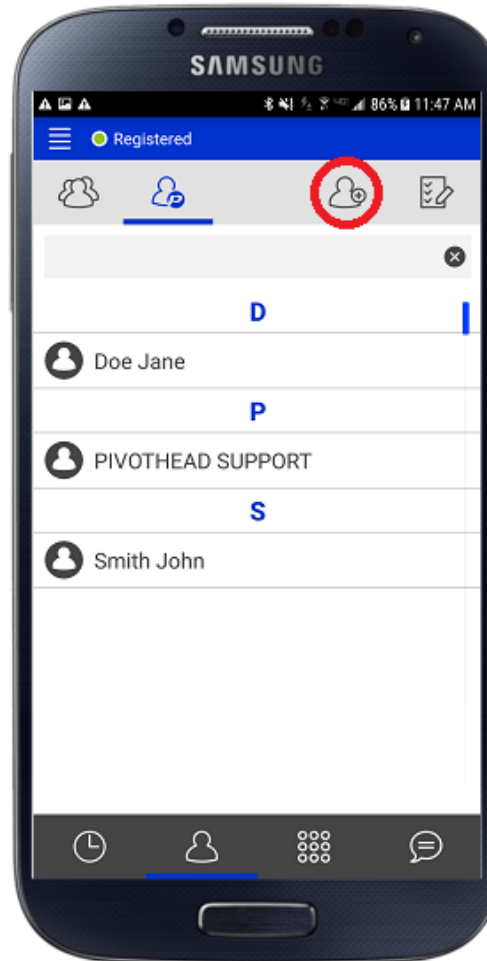

Next Page.

Adding Contacts

1. Press the *Contacts* icon on the bottom of your screen to go to your Contacts.

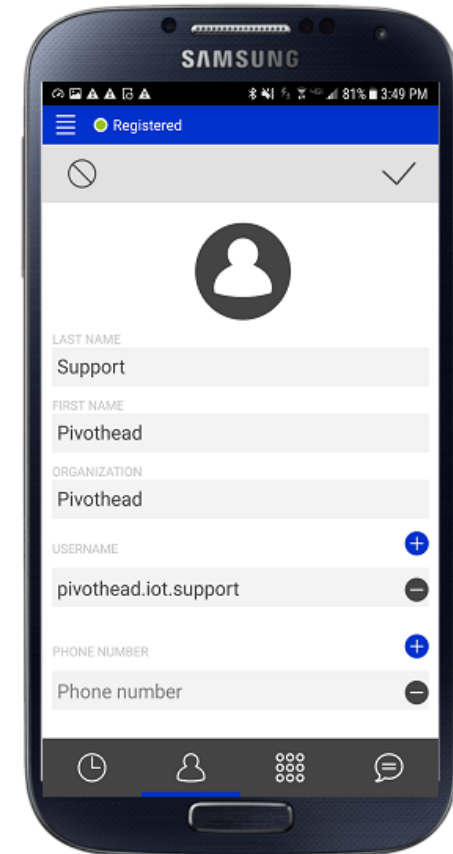

2. Press the *Add Contact* icon at the top of your screen to add a new contact.

3. Enter First and Last Name, and in the SIP Addresses field, the PivotSIP™ account user name. Press the *Checkmark* to add the contact.

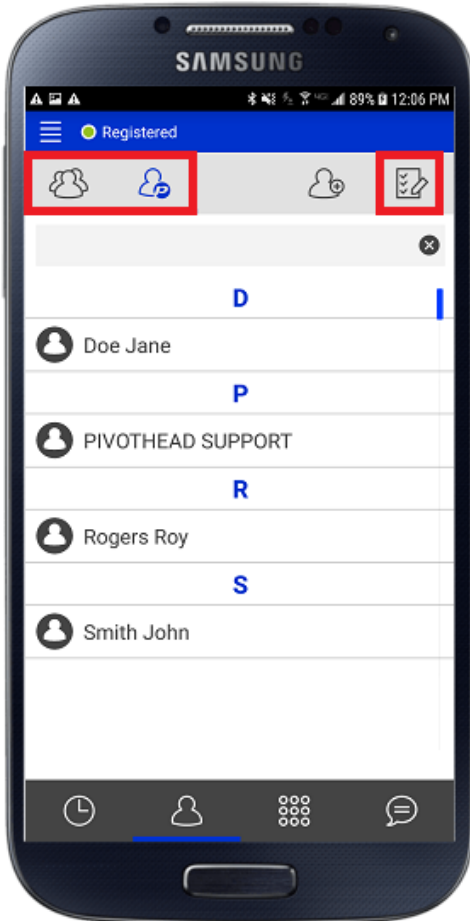

The username precedes the @ in the PivotSIP™ address, and must be entered in all lowercase. Example: user.name@sip.pivothead.tv.

Next Page.

Contacts List

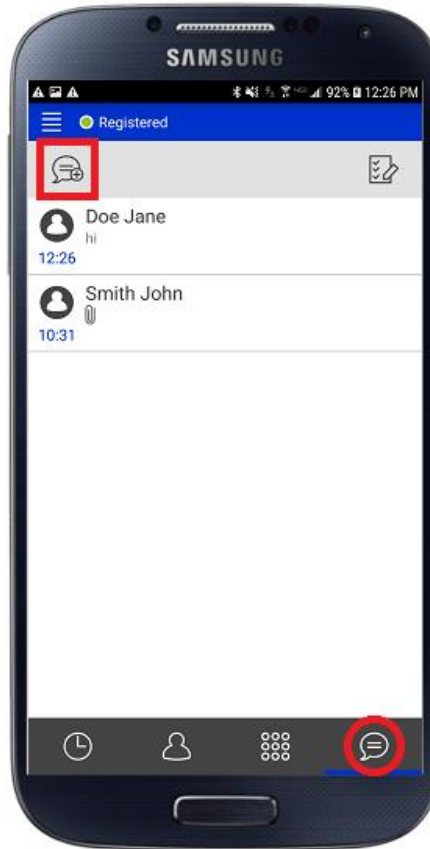

1. The contacts list stores both phone contacts as well as contacts with PivotSIP accounts. They can be sorted from the top left *Contact* icons. Contacts can be deleted by pressing the *Checklist* icon.

Messaging

The PivotSIP App allows users to instant message each other through the Conversations screen.

1. Pressing the *Add Conversation* icon will allow you to choose a contact to IM. Pressing an existing conversation will open it.
